By Priscilla Luna

Houston, Texas – September 10, 2010 - "During National Small Business Week, we honor the entrepreneurs and small business owners who are the engine of our economy. Their ingenuity and hard work are critical to our Nation's prosperity...I call upon Government officials, industry leaders, and advocates across the Nation to encourage our citizens to celebrate the achievements of small business owners and encourage the creation of new businesses."

Barack Obama
President of the United States

Small business owners, corporate leaders, government officials and volunteers from across the country were in Washington, D.C. for the three day conference to honor America's top entrepreneurs. The contracting awards recognize businesses and organizations for their commitment to providing contracting and subcontracting opportunities to small, women-owned and small disadvantaged businesses.

The Administrator's Award for Excellence recognition will be given to those small businesses that were nominated for Subcontractor of the Year. The luncheon will be held at CenterPoint Energy Tower in Downtown Houston on September 23, 2010.
